OUR PARTICIPATION IN EUREKA ITEA 3

ITEA 3

WHAT IS ITEA 3?

- ITEA 3, the follow-up to the successful ITEA 2 programme, is a strategic pan-European programme. It stimulates and supports innovative and pre-competitive R&D projects that contribute research excellence to European industry in Software-intensive Systems and Services (SiSS)
- ITEA 3 is a EUREKA ICT cluster and is part of the inter-governmental EUREKA network
