2020, INSTITUT MINES-TÉLÉCOM

**EDUCATIONAL CONTINUITY**

Following the advice received from the Ministry of Higher Education and Research, the COER took advantage of the restrictions imposed by the lockdown to support remote training. This resulted in the small-scale opening of 6,800 MOOCs* and 2,000 training modules (eLearning). In this context, the Solidarity Fund (Fondation), supported by donations made to the Fondation, was distributed to 133 students facing financial difficulties. The Solidarity Fund was intended to help students who were unable to continue their studies due to financial difficulties. In March, the Fondation distributed €1.15 M to students facing financial difficulties. The Solidarity Fund was distributed to 133 students facing financial difficulties. The Solidarity Fund was intended to help students who were unable to continue their studies due to financial difficulties. In March, the Fondation distributed €1.15 M to students facing financial difficulties.

**ALTERATIVE TEACHING RESOURCES LIBRARY.**

In order to help prepare for the reopening of schools, the Fondation established an alternative teaching resources library. This library includes educational resources for all ages and educational levels, from primary school to high school, from theoretical knowledge to practical skills. The Fondation also provided educational support to help students who were unable to continue their studies due to financial difficulties. In March, the Fondation distributed €1.15 M to students facing financial difficulties.

**INNOVATION IN THE EXECUTION OF THE NEW ACADEMIC YEAR.**

IMT schools and students worked hard to ensure that the new academic year started as planned. Despite the challenges posed by the pandemic, IMT schools and students were able to open the new academic year on time. They were able to open the new academic year on time by providing students with masks, gloves, and other materials. The new academic year was able to open on time by providing students with masks, gloves, and other materials. The new academic year was able to open on time by providing students with masks, gloves, and other materials.
